Qualys Cloud Suite 2.16.1

We've addressed these issues in Qualys Cloud Suite 2.16.1.

AV AssetView

TP ThreatPROTECT

CA Cloud Agent

For asset downloads, we've increased the download limit for various formats.
For XML, CSV, ZIP - now there is no limit.
For Word, PDF, HTML - the limit has been increased to 10k

CA Cloud Agent

Fixed an issue with agent activation when OS name of the machine contains non-ascii characters.

Fixed issue to allow users to filter agents by hostname containing upper case letters.
