Qualys Gateway Service v1.x
Release Notes

Version 1.2
April 2, 2020 (Updated on September 25, 2020)

Qualys Gateway Service 1.2 brings you the following improvement.

New Features

There are no new features in this release.

Enhancements

There are no new enhancements in this release.

Behavior Changes

An additional URL will be accessed at times for system updates. This URL is:
update.release.flatcar-linux.net

Issue Addressed

- Fixed an issue where number of Unique IPs for connected agents were not displaying on QGS home page even if the proxy performance temporal (graph) was displaying connected agents. The correct number of Unique IPs for connected agents ensures proper connectivity of cloud agents.

Known Limitations and Workarounds

There are no reported and notable issues open in this release.
