

Qualys VMDR Mobile

Release Notes

Version 1.5.4-0

October 30, 2023

What's New

Here's what's new in VMDR Mobile (previously SEM) 1.5.4-0!

[Support GCCH Azure for Intune Connector Configuration](#)

[Mobile Number Entry Step Skipped During the iOS Enrollment](#)

[New Column Added to Asset Report](#)

Qualys VMDR-Mobile 1.5.4-0 brings you more improvements and updates!

Support GCCH Azure for Intune Connector Configuration

Before this release, the Government Community Cloud (GCC) support was available for the Intune Connector Configuration. With the VMDR-Mobile 1.5.4.0 release, the support is extended to Government Community Cloud High (GCCH) Azure as well.

Mobile Number Entry Step Skipped During the iOS Enrollment

If the administrator sets the **Default Ownership of Assets** as **Corporate - Owned** or **Employee - Owned** and the **Mandate Mobile Number** as **No**, you are no longer required to enter the mobile number during the iOS enrollment process. The respective window where you enter the mobile number is not shown anymore, enhancing the enrollment experience.

The screenshot shows the VMDR Mobile configuration interface. The top navigation bar includes links for DASHBOARD, INVENTORY, VULNERABILITIES, MONITOR, POLICY, USERS, REPORTS, and CONFIGURATIONS. The CONFIGURATIONS tab is active. Below it, the Organization Info sub-tab is selected. The main content area is titled 'Settings' and contains three sections: Enrollment Settings, Application Settings, and Sync Settings. In the Enrollment Settings section, 'Default Ownership of Assets' is set to 'Corporate - Owned', 'Default Asset Communication Mode' is 'Push', and 'Mandate Mobile Number' is set to 'No'. The Application Settings section shows 'Default Maximum Enrollable Assets' as 2. The Sync Settings section shows 'Polling Interval (in Minutes)' as 1. There are 'View Enrollment Details' and 'Edit' buttons in the top right of the Enrollment Settings section.

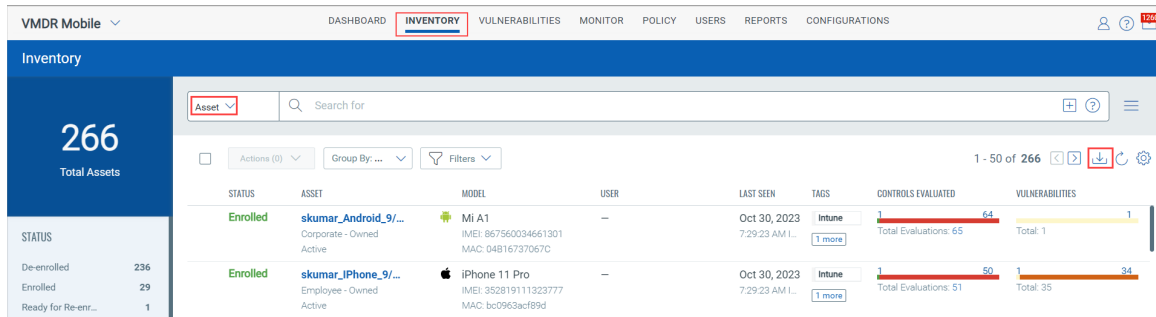

The screenshot shows the Qualys mobile enrollment screen. At the top, there is a progress bar with three steps: 1. Accept EULA, 2. Add Details, and 3. Install Profile. The 'Add Details' step is currently active. Below the progress bar, the 'Details' section is visible. It includes a 'Select Ownership' section with two radio buttons: 'Corporate - Owned' (selected) and 'Employee - Owned'. A note states: 'Note: Asset Ownership cannot be changed once asset is enrolled.' Below this is a 'Mobile Number' section with a dropdown menu showing 'IND +91' and a text input field for the mobile number. A 'Next' button is at the bottom of the screen. The Qualys logo and a 'Close' button are at the top left.

Note:

- If the **Default Ownership of Assets** is set as **User Prompt** and the **Mandate Mobile Number** as **No**: You need to select the ownership and proceed further.
- If the **Default Ownership of Assets** is set as **User Prompt** and the **Mandate Mobile Number** as **Yes**: You need to select the ownership and provide the mobile number.

New Column Added to Asset Report

Two new columns, UDID and VendorID, are added to the Asset Report. You can download the Asset Report by navigating to **Inventory > Assets** and then clicking the **Download**  icon.

The screenshot displays the VMDR Mobile interface, specifically the **Inventory > Assets** section. The top navigation bar includes **DASHBOARD**, **INVENTORY** (highlighted), **VULNERABILITIES**, **MONITOR**, **POLICY**, **USERS**, **REPORTS**, and **CONFIGURATIONS**. The left sidebar shows **Inventory** with **266 Total Assets** and a status breakdown: **De-enrolled: 236**, **Enrolled: 29**, and **Ready for Re-enr...: 1**.

The main content area displays a table of assets. The table has columns for **STATUS**, **ASSET**, **MODEL**, **USER**, **LAST SEEN**, **TAGS**, **CONTROLS EVALUATED**, and **VULNERABILITIES**. Two assets are listed:

STATUS	ASSET	MODEL	USER	LAST SEEN	TAGS	CONTROLS EVALUATED	VULNERABILITIES
Enrolled	skumar_Android_9/...	Mi A1 IMEI: 867560034661301 MAC: 04816737067C	—	Oct 30, 2023 7:29:23 AM L...	Intune 1 more	1 Total Evaluations: 65	1 Total: 1
Enrolled	skumar_iPhone_9/...	iPhone 11 Pro IMEI: 352819111323777 MAC: bc0963acf89d	—	Oct 30, 2023 7:29:23 AM L...	Intune 1 more	1 Total Evaluations: 51	1 Total: 35

The **Download** icon (a blue square with a white download arrow) is located in the top right corner of the asset list, next to the **1 - 50 of 266** pagination controls.
